

**Indications:**

- Growth of large and giant breed puppies 5 months of age and older
- Pregnancy, lactation

Contraindications:

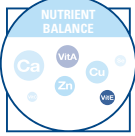

- Obese or overweight dogs

Nutritional Differences:**Digestive Security:**

Specific nutrient blend to help regulate intestinal transit and to help support the digestive flora

**Joint Support:**

Enhanced with glucosamine and chondroitin to help promote joint health

**Nutrient Balance:**

Optimal level of all essential nutrients relative to energy to ensure nutrient requirements are met during growth

**Highly Digestible Protein:**

Highly digestible protein to help decrease colonic fermentation

Additional Differences:

- The size and shape of the kibbles have been specifically adapted for the jaws of large breed puppies
- Sodium tripolyphosphate for dental health
- Enriched with zinc, linoleic acid, and biotin to promote skin and coat health
- Enriched with long chain omega 3 fatty acids to help support learning development
- Naturally preserved to ensure freshness and quality
