

**Indications:**

- Food elimination trial
- Adverse food reactions with dermatologic and/or gastrointestinal signs
- Inflammatory bowel disease
- Gluten enteropathy
- Colitis
- Exocrine pancreatic insufficiency
- Idiopathic diarrhea
- Otitis externa
- Short bowel syndrome

Contraindications:

- Hydrolyzed soy protein hypersensitivity
- Rice hypersensitivity
- Pregnancy, lactation

Nutritional Differences:**Hydrolyzed Protein:**

Hydrolyzed soy protein, composed of low molecular weight peptides, is highly digestible and has very low antigenic potential

**Skin Barrier:**

Optimal amounts of B vitamins and amino acids help reduce transepidermal water losses and strengthen the barrier effect of the skin

**Digestive Support:**

Helps to maintain the balance of gastrointestinal microflora and intestinal mucosa integrity

**Natural Preservative:**

Naturally preserved to ensure freshness and quality

Additional Differences:

- Limited, low allergen ingredients
- Single starch source (rice)
- Highly digestible with exceptional palatability
- Enriched with antioxidants to help maintain a healthy immune system and to reduce DNA damage associated with aging
- Enriched with long chain omega-3 fatty acids, eicosapentaenoic acid and docosahexaenoic acid (EPA and DHA), to help modulate inflammatory reactions

Notes:

- No other protein source should be made available while feeding ROYAL CANIN Veterinary Diet® canine HYPOALLERGENIC HP® dry
- The duration of the elimination diet trial should be a minimum of 12 weeks

Growth feeding guidelines are located on page 80

Feeding Recommendations for Canine Adult Maintenance:

Body Weight		Suggested Caloric Intake	Daily Feeding	
lb	kg		Kcal per day	Cups per day
5	2.3	240	59	3/4
10	4.5	398	97	1 1/4
20	9.1	660	162	2
30	13.6	888	217	2 3/4
40	18.1	1095	268	3 1/2
50	22.7	1289	316	4
60	27.2	1472	360	4 2/3
70	31.8	1648	403	5 1/4
80	36.3	1816	445	5 2/3
90	40.8	1979	485	6 1/4

Ingredients:

ROYAL CANIN Veterinary Diet® canine HYPOALLERGENIC HP® 19 dry

Rice, hydrolyzed soy protein, chicken fat, dried beet pulp, natural flavors, mono-calcium phosphate, sodium silico aluminate, vegetable oil, calcium carbonate, fish oil, fructooligosaccharides, potassium chloride, salt, taurine, Vitamins [DL-alpha tocopherol acetate (source of vitamin E), inositol, niacin supplement, L-ascorbyl-2-polyphosphate (source of vitamin C), D-calcium pantothenate, biotin, pyridoxine hydrochloride (vitamin B6), riboflavin supplement (vitamin B2), thiamine mononitrate (vitamin B1), vitamin A acetate, folic acid, vitamin B12 supplement, vitamin D3 supplement], choline chloride, L-tyrosine, marigold extract (*Tagetes erecta* L.), Trace Minerals [zinc proteinate, zinc oxide, ferrous sulfate, manganese proteinate, copper proteinate, copper sulfate, manganous oxide, calcium iodate, sodium selenite], rosemary extract, preserved with natural mixed tocopherols and citric acid.

Nutrition Statement:

Animal feeding tests using AAFCO procedures substantiate that canine HYPOALLERGENIC HP® 19 dry diet provides complete and balanced nutrition for growth and adult maintenance.
