

ROYAL CANIN Veterinary Diet®

# VEGETARIAN FORMULA™

## Indications:

- Adverse food reactions
- To aid in the prevention of urate urolithiasis

## Contraindications:

- Growth
- Pregnancy, lactation

## Nutritional Differences:

### Vegetable Protein:

This meat free diet provides a unique blend of vegetable proteins

### Purine Control:

Helps to reduce the urinary excretion of purines

### Skin and Coat:

Enhanced levels of linoleic acid, zinc, and biotin help to promote a healthy skin and shiny coat

### Natural Preservative:

Naturally preserved to ensure freshness and quality

## Additional Differences:

- Enriched with antioxidants to help maintain a healthy immune system and to reduce DNA damage associated with aging
- No animal protein or fat
